## **CROWNCONNECT USER'S GUIDE**

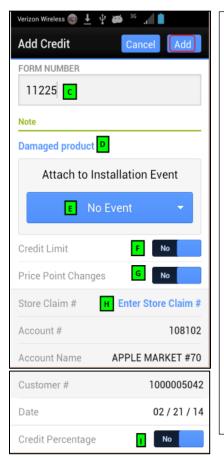

#### **Everyday Credit & Tally**

An Everyday Credit will issue a \$ credit due to the account based on terms once transmitted while an Everyday Tally will only transmit an inventory and will show a true wholesale \$ amount.

- A. Open Everyday Credit & Tally.
- B. Either scan a form bar code for a credit or tap Add Credit or Add Tally.

- C. If a bar code is scanned, it will automatically populate or manually enter using keyboard.
- D. In the **Note** section, identify what **product** is being credited/tallied.
- E. If a product program is exiting due to an Installation Event, hit the dropdown and select the correct Installation Event ID.
- F. If a **credit limit** as been established for the credit, slide the button to **Yes** and use the picker to **enter the wholesale \$ credit limit**. Tap **Accept**.
- G. If you need to be **notified** and hear an **audible** sound each time the **price point changes**, slide the button to **Yes**.
- H. Enter Store Claim # if used.
- I. If there is a **special Credit Percentage** for the credit, slide the button to **Yes** and enter the **credit percentage**. Tap **Accept**.

Tap on **Add** at the top of the screen to begin scanning product. *Note: For an Everyday Tally, you will be taken directly to the scanning page.* 

## CROWNCONNECT USER'S GUIDE

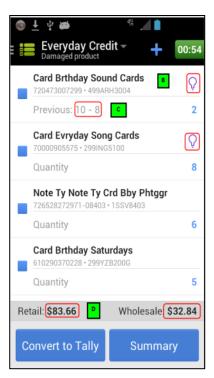

When the user scans a product, an **overlay** appears allowing them to **increase/decrease** the quantity amount quickly.

After 15 seconds of inactivity the overlay automatically fades away. It can also be dismissed by tapping in the gray area.

In **Settings**, the overlay can be **moved** to the other side of the screen to accommodate left handed users.

The unit will go into continuous scan mode after pressing the scan button once while scanning a UPC.

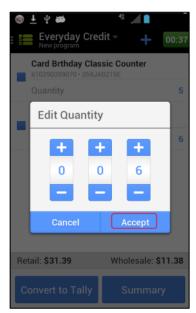

- A. A list of products will appear as entered with **last entry** at the **top**.
- B. A **light bulb** next to the entry indicates it is **innovation product.**
- C. As you scan additional product with same stock #, it will show each entry separately and add together for total.
- There is a running Retail and
  Wholesale Credit total amount at the bottom.

## CROWNCONNECT USER'S GUIDE

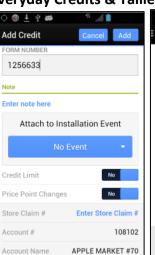

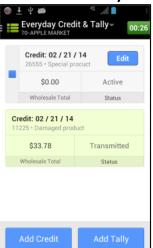

- E. Tap on **blue** + **sign** at the top of the screen to enter product by **stock** # or **UPC** indicated by the underline. Tap **Add.**
- F. Use the picker to enter quantity.

You can enter multiple Everyday Credits & Tallies on the same day.

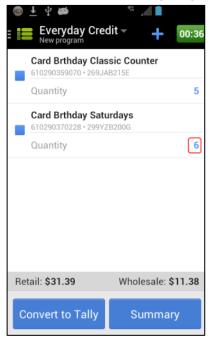

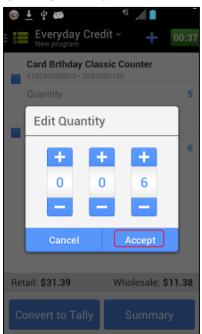

Tap on **Add Credit** or **Add Tally.** For a **credit**, enter the additional **Form Number** and **information**. An additional credit for that day will now be in the list. Begin scanning product as above.
